Ear Candling Treatment

Hopi ear candles are hollow tubes made of cotton which are then soaked in beeswax, honey and herbs. When the candle is lit, it acts like a chimney, causing the warm air inside to rise and create a vacuum at the bottom. This then stimulates the ear to help eliminate ear wax naturally.

Hopi candles can be used for many conditions including deafness caused by earwax, congested sinuses, and irritation in the ears, tinnitus, rhinitis, colds, flu, headaches and migraines.

*Cost*

30 minutes	£25.00
45 minutes	£35.00
